## 1. Introduction

At St. Mary's we provide a safe and secure environment that nurtures each child's potential and wellbeing, with an appreciation and active response to the voice of every child. We hold the care, safety and wellbeing of children and young people as a central and fundamental responsibility of our school. Our commitment is drawn from and inherent in the teaching and mission of Jesus Christ, with love, justice and the sanctity of each human person at the heart of our Catholic Identity ([CECV Commitment Statement to Child Safety](#)).

The person of each individual human being, in his or her material and spiritual needs, is at the heart of Christ's teaching: that is why the promotion of the human person is the goal of the Catholic school (Congregation for Catholic Education 1997, n. 9).

## 2. Purpose of the Policy

The purpose of this policy is to demonstrate the strong commitment of St. Mary's to the care, safety and wellbeing of all students at our school. It provides an outline of the policies, procedures and strategies developed to keep students safe from harm, including all forms of abuse in our school environment, on campus, online and in other locations provided by the school.

This policy takes into account relevant legislative requirements within the state of Victoria, including the specific requirements of the Victorian Child Safe Standards as set out in [Ministerial Order No. 870](#).

This policy applies to school staff, including school employees, volunteers, visitors, contractors and clergy.

## 3. Principles

Catholic schools have a moral, legal and mission-driven responsibility to create nurturing school environments where children and young people are respected, their voices are heard and they are safe and feel safe ([CECV Commitment Statement to Child Safety](#)).

### **The following principles underpin our commitment to child safety at St. Mary's:**

- All students deserve, as a fundamental right, safety and protection from all forms of abuse and neglect.
- Our school works in partnership with families and the community to ensure that they are engaged in decision-making processes, particularly those that have an impact on child safety and protection.
- All students have the right to a thorough and systematic education in all aspects of personal safety, in partnership with their parents/guardians/caregivers.
- All adults in our school, including teaching and non-teaching staff, clergy, volunteers, visitors and contractors, have a responsibility to care for children and young people, to positively promote their wellbeing and to protect them from any kind of harm or abuse.
- The policies, guidelines and codes of conduct for the care, wellbeing and protection of students are based on honest, respectful and trusting relationships between adults and children and young people.

- Policies and practices demonstrate compliance with legislative requirements and cooperation with the Church, governments, the police and human services agencies.
- All persons involved in situations where harm is suspected or disclosed must be treated with sensitivity, dignity and respect.
- Staff, clergy, volunteers, visitors, contractors, parents and students should feel free to raise concerns about child safety, knowing these will be taken seriously by school leadership.
- Appropriate confidentiality will be maintained, with information being provided to those who have a right or a need to be informed, either legally or pastorally.

#### 4. Definitions used in this Policy

**Child:** A child or a young person enrolled as a student at the school.

**Child abuse** includes:

- any act committed against a child involving:
  - a sexual offence
  - an offence under section 49B(2) of the **Crimes Act 1958** (grooming)
- the infliction, on a child, of:
  - physical violence
  - serious emotional or psychological harm
- serious neglect of a child. ([Ministerial Order No. 870](#))

**Child safety** encompasses matters related to protecting all children from child abuse, managing the risk of child abuse, providing support to a child at risk of child abuse, and responding to incidents or allegations of child abuse. ([Ministerial Order No. 870](#))

**Child neglect:** includes a failure to provide the child with an adequate standard of nutrition, medical care, clothing, shelter or supervision to the extent that the health and physical development of the child is significantly impaired or placed at serious risk. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

**Child physical abuse:** Generally, consists of any non-accidental infliction of physical violence on a child by any person. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

**Child sexual abuse** is when a person uses power or authority over a child to involve them in sexual activity. It can include a wide range of sexual activity and does not always involve physical contact or force. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

**Emotional child** abuse occurs when a child is repeatedly rejected, isolated or frightened by threats, or by witnessing family violence. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

**Grooming** is when a person engages in predatory conduct to prepare a child for sexual activity at a later date. It can include communication and/or attempting to befriend or establish a relationship or other emotional connection with the child or their parent/carer. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

**Mandatory Reporting:** The legal requirement under the *Children, Youth and Families Act 2005 (Vic.)* to protect children from harm relating to physical and sexual abuse. The principal, teachers, medical practitioners and nurses at a school are mandatory reporters under this Act. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

**Reasonable Belief:** When school staff are concerned about the safety and wellbeing of a child or young person, they must assess that concern to determine if a report should be made to the relevant agency. This process of considering all relevant information and observations is known as forming a 'reasonable belief'. A 'reasonable belief' or a 'belief on reasonable grounds' is not the same as having proof but is more than mere rumour or speculation. A 'reasonable belief' is formed if a reasonable person in the same position would have formed the belief on the same grounds. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

**School environment** means any physical or virtual place made available or authorised by the school governing authority for use by a child during or outside school hours, including:

- (a) a campus of the school
- (b) online school environments (including email and intranet systems)
- (c) other locations provided by the school for a child's use (including, without limitation, locations used for school camps, sporting events, excursions, competitions, and other events). ([Ministerial Order No. 870](#))

**School staff** means an individual working in a school environment who is:

- (a) directly engaged or employed by a school governing authority
- (b) a volunteer or a contracted service provider (whether or not a body corporate or any other person is an intermediary)
- (c) a minister of religion. ([Ministerial Order No. 870](#))

([CECV Commitment Statement to Child Safety](#))

The school has allocated roles and responsibilities for child safety as follows.

## **7. Expectation of our School Staff – Child Safety Code of Conduct**

At St Mary's, we expect school employees, volunteers, visitors, contractors and clergy to proactively ensure the safety of students at all times and to take appropriate action if there are concerns about the safety of any child at the school. All school staff must remain familiar with the relevant laws, the code of conduct, and policies and procedures in relation to child protection and to comply with all requirements. We have developed a Child Safety Code of Conduct ([St. Mary's Child Safety Code of Conduct](#)), which recognises the critical role that school staff play in protecting the students in our care and establishes clear expectations of school employees, volunteers, contractors and clergy for appropriate behaviour with children in order to safeguard them against abuse and or neglect.

Our Code also protects school staff through clarification of acceptable and unacceptable behaviour.

## **8. Student Safety and Participation**

At St. Mary's, we actively encourage all students to openly express their views and feel comfortable about giving voice to the things that are important to them.

We teach students about what they can do if they feel unsafe and enable them to understand, identify, discuss and report on child safety. We listen to and act on any concerns students, or their parents or carers, raise with us.

At St. Mary's, social and emotional learning is a major teaching and learning focus across the school. At each year level there is a focus on the awareness of acceptable and unacceptable behaviour in different relationships. Behaviour expectations are explicitly taught using a common language. Explicit teaching of social skills occurs at all year levels. There is a focus at each year level about what to do if you don't feel safe. Circle time is implemented in all grades to give students the opportunity and a forum to share feelings, develop positive relationships and to model problem solving strategies.

## 9. Reporting and Responding

Our school records any child safety complaints, disclosures or breaches of the Child Safety Code of Conduct, and stores the records in accordance with security and privacy requirements. Our school complies with legal obligations that relate to managing the risk of child abuse under the *Children, Youth and Families Act 2005* (Vic.), the *Crimes Act 1958* (Vic.) and the recommendations of the [Betrayal of Trust](#) report.

Child protection reporting obligations fall under separate pieces of legislation with differing reporting requirements.

Our school's **Child Protection – Reporting Policy** ([St. Mary's Child Protection - Reporting Obligations Policy](#)), currently under review, sets out the actions required under the relevant legislation when there is a reasonable belief that a child at our school is in need of protection or a criminal offence has been committed, and provides guidance and procedures on how to make a report.

Our policy assists staff, volunteers, visitors and families to:

- identify the indicators of a child or young person who may be in need of protection
- understand how a 'reasonable belief' is formed
- make a report of a child or young person who may be in need of protection
- comply with mandatory reporting obligations under child protection law and their legal obligations relating to criminal child abuse and grooming under criminal law.

Our school has also established internal processes to ensure that appropriate action is taken to respond to concerns about the wellbeing and/or safety of a student.

St. Mary's internal reporting processes are outlined in the schools internal Child Protection - Reporting Obligations Policy ([St. Mary's Internal Child Protection - Reporting Obligations Policy](#)) and the Schools Incident Report Form ([St. Mary's Incident Report](#)). This policy includes information about who to approach and steps to take when students, employees or volunteers have a concern.

This may include reporting to a Child Safety Officer with specific responsibility for responding to any complaints made by staff, volunteers, visitors, clergy, parents or students in relation to child safety.

Our complaints and disclosure processes are outlined and detailed in the following policy:

[St. Mary's Positive Relationships \(Grievance\) Policy](#)

#### **10. Screening and Recruitment of School Staff**

St. Mary's will apply thorough and rigorous screening processes in the recruitment of employees and volunteers involved in child-connected work. Our commitment to child safety and our screening requirements are included in all advertisements for such employee, contractor and volunteer positions, and all applicants are provided with copies of the school's Child Safety Code of Conduct and the Child Safety Policy.

When recruiting and selecting employees, contractors and volunteers involved in child-connected work, we make all reasonable efforts to:

- confirm the applicant's Working with Children Check and National Police Check status and/or professional registration (as relevant)
- obtain proof of personal identity and any professional or other qualifications
- verify the applicant's history of work involving children
- obtain references that address the applicant's suitability for the job and working with children.

We have processes for monitoring and assessing the continuing suitability of school staff to work with children, including regular reviews of the status of Working with Children Checks and staff professional registration requirements such as Victorian Institute of Teaching (VIT) registration.

[Recruitment Practices for Child Safe Organisations](#)

#### **11. Child Safety – Education and Training for School Staff**

St. Mary's provides employees, volunteers and clergy with regular and appropriate opportunities to develop their knowledge of, openness to and ability to address child safety matters. This includes induction, ongoing training and professional learning to ensure that everyone understands their professional and legal obligations and responsibilities, and the procedures for reporting suspicion of child abuse and neglect.

All new staff at St. Mary's attend an induction session that includes the St. Mary's Child Safety Policy, ensuring that everyone understands their professional and legal obligations and responsibilities, and the procedures for reporting suspicion of child abuse and neglect.

All teaching staff at St. Mary's are required to complete the mandatory reporting module annually.

## 12. Risk Management

At St. Mary's we are committed to proactively and systematically identifying and assessing risks to student safety across our whole school environment, and reducing or eliminating (where possible) all potential sources of harm. We document, implement, monitor and periodically review our risk management strategies for child safety and ensure that the strategies change as needed and as new risks arise.

St. Mary's child safety risk management strategy is a formal and structured approach to managing risks associated with child safety. The strategy outlines how risk is managed, including who is responsible for the process (Deputy Principal), and a description of the process itself. The process includes risk assessment, implementation of controls, and a monitoring and review process to ensure the currency of the risk management approach.
